

PRAIRIE CATHOLIC WEEKLY NEWSLETTER

March 21, 2019

From the Principal

Dear families,

We are now approaching our final quarter of school! As we move forward into this last quarter of the school year, our MS staff will be adjusting the master schedule to accommodate 7th and 8th grade students curriculum needs before leaving on their Washington DC trip. As you know, we have missed a great deal of school this year and how to best meet their learning needs and covering curriculum expectations.

We will continue to develop our emphasis on learning, self-improvement, spiritual well-being, and interpersonal relationships. Our Catholic School will focus on equipping students with the skills needed to become respectful, responsible, safe and contributing Christian members of society.

Our Little Saints Learning Center has openings for summer daycare. Our center will be closed the week of July 1-5 for cleaning and holiday break. More information to come in the near future in early April. We will begin taking names for 3K and 4K waiting lists for next year's program April 1- April 12.

Please return volunteer slips into Karen when completed. We're fastly approaching the end of the year. Check our volunteer [Signup.zone](#) for opportunities.

*"Create in me a clean heart, O God, and put a new and right spirit within me." (Psalm 51:10)
Let God enable our inner goodness and light to shine through in all we are and do!*

With peace~
Mary Henry, Principal

When to Keep Your Child Home From School

1. Illness that prevents the child from participating in activities.
2. Fever (100° or higher). Students may not return to school until free of fever without fever medication for 24 hours.
3. Diarrhea or vomiting during the previous 24 hours. Student may not return to school until appetite has returned to normal.
4. Rash with a fever.
5. Other conditions deemed appropriate after assessment by the certified school nurse and/or the staff nurse.

If your child is sick, please keep him or her home. Please remind your child to always remember to wash his or her hands. Studies have proven that hand washing (next to the flu shot) is the BEST way to avoid colds and flu. A healthy diet and sleep also keep your immune system going, so be sure that your child gets plenty of rest!
