From the Principal

As this is the last day of the school year, I would like to thank all the staff members that make each day an experience for our students. Each professional in our building is valued for their work and its impact on student learning.

I would also like to thank the families that continue to support Prairie Catholic. The school wouldn't be the academic institution it is without your backing. Thank you very much. Sometimes we need to remember why we choose a Catholic education so I would like you to please read the insert from Joayn Bahr with the Arlington Ladies. She has the experience of working with our 8th Graders on their Washington DC trip. She had many nice things to say about our students, It only emphasizes how important the connection between the families and school can be on the development of a child.

Have a great summer!
